Measurement of Interstitial holdings.

The average rate of work turned out is still below the standard. The explanation given as to the low out-turn is not satisfactory. The distance by which the fields to be measured are separated cannot very much diminish the work that can be turned out. The Collector has been requested to issue such orders as he deems necessary in order to ensure punctual attendance of Village Officers and ryots.

2 In para 4, of the letter read

above

above, it is stated that the work of classifiers in the villages was inspected by the Supervisor but the area thus examined is not shown in Statement No. IV. Explanation is requested.

3. The area examined by the Supervisor during the month was Acres 2114[?]. This, in the Ag Director's opinion, is much in excess of what a man could get through, if he did it carefully.

14th *August* 1885.

FROM THE ACCOUNTANT-GENERAL
TO THE GOVERNMENT OF MADRAS,

TO ALL HEADS OF OFFICES AND DEPARTMENTS
IN THE CIVIL DEPARTMENT.

SIR,

IN supersession of the portion of my Circular, No. VII, dated 6th September 1883, under which Municipal Taxes on Military and State Railway buildings are chargeable to the grant for Military Works and to Railways respectively, while those on all other Public Works buildings should be paid and borne by the Civil Department, I have the honor to state that the Government of India have ruled in their Financial Resolution, No. 1980, dated 16th July 1885, that Municipal taxes on a Government building shall in future be paid by the Department occupying it and debited to that Department, but that in any case in which a lump sum is at present paid for all Government buildings or for a number of Government buildings in a Municipality, it shall, provided the buildings are in the occupation of more than one Department of Government, be paid in the Civil Department and debited to "Miscellaneous." I request that this ruling of the Government of India may be noted and acted upon.

2. As no tax is levied on Government buildings in Cantonments, the Government of India, by paragraph 3 of their Resolution just above referred to, have cancelled their Financial Resolution, No. 3086, dated 12th September 1883, under which the procedure regarding Municipal Taxes applied to Cantonment Taxes also. My Circular, No. XII, dated 12th October 1883, which was based on the Resolution of the Government of India last quoted, is accordingly cancelled.

I have the honor to be,

IN THE SUBORDINATE COURT OF MADURA (EAST).

Plaintiff.	Defendant.
Rani Satukkarasu Nachiar step daughter of Rani Setupaty Sivagamy Nachisr, late Zemindarni of Ramnad, Madura District...........................	The Collector of Madura.

Plaint under Section C. P. C. presented by Plaintiff.

Plaintiff states as follows.

1. The villages hereinunder mentioned are within the jurisdiction of this Court.

2. In the year 1732 the 10th Zemindar of Ramnad by name Katta Tevar alias Muttuvijaya Regunadha Setupaty granted to his daughter Rakkayi Nachiar the villages Nos 1 to 4 in the Schedule I as Sridhanam, and thereupon the latter granted the same as such to Raja Rajeswari Nachiar, her grand daughter (daughter's daughter) and the pattabaha-Sri (consort) of the 14th Zemindar, Mutturamalinga Setupaty. This Nachiar was enjoying these villages as Sarva Mania Inam (exclusive propritorship). The arzies of the 10th June 1806 and 29th June 1807 submitted by Raja Rajeswari to the then Collector, Mr. Killock show these villages to have been enjoyed by her as the usual grantee and Sridhanam proprietress as aforesaid and the Collector on the 24th June 1807 sent in an order to her in compliance with her Arzies.

3. At the reign of Carnatic Rulers prior to 1795 the said Raja Rajeswari Nachiar purchased from the Dharmasanam Mahajanams the ¾ village of Sadhirvedhamangalam NO. 5 and enjoyed it and the above said villages Nos. 1 to 4—in all 4¾ villages—as exclusive owner. On the 24th April 1803 when the perpetual Peishcush was assessed and Istimirari Sannad granted for the Ramnad Zemindary these 4¾ villages were not included in the Zemindary but distinguished from it as separate property. In the accounts these villages have been entered in the name of the said Nachiar as Sarva Manibha Inam and distinguished from the Zemindary villages. The fact of the said properties being separate Sridhana Inam has been recognized by Government from so long a period as Istimirari grant.

4. On the 5th April 1805 the Principal Collector Mr. Parish sent in an order admitting the fact that Raja Rajiswari Nachiar was the Inamdar of the villages Nos. 1 to 5 and that she was entitled to enjoy the produce thereof. In the Mahratta register of Manibham enquiries for fasly 1223 corresponding to the year 1813 the Defendant admit that the said villages are Sarva Manibha Inam and as such have been enjoyed by female descendants and that the then owner and enjoyer was Raja Rajiswari.

5. Prior to 1814 when she was alive Raja Rajeswari Nachiar granted the aforesaid villages Nos. 1 to 5 as Sridhanam to her daughter Sivagamy Nachiar, and accordingly she and her husband, Vijaya Gopala Setupaty were enjoying the same.

225

6. In the course of their enjoyment as aforesaid the said Sivagamy Nachiar and Vijaya Gopala Setupaty in 1814 when they were Zemindars of Ramnad were necessitated on account of Peishcush to borrow debt from the late Cashkeeper, Bikkaji Row upon their mortgaging the said properties, and on the 19th March 1817 they executed and filed in the Zillah Court of Madura a razinamah in Suit No. 25 mortgaging to him (Bikkaj Row) the villages Nos. 1 to 3 for star pagodas 2660 or Rs. 9310 and again on the 29th March 1817, another razinamah in Suit 26 mortgaging to him the villages Nos. 4 & 5 and bungalow No. 6 which had been purchased by Sivagamy Nachiar for Star pagodas 1606 or Rs. 5621. It is stipulated in these razinamas that the incomes derived from these mortgaged properties would be credited in satisfaction of the debts therein mentioned and the aforesaid villages delivered up upon the debts being fully discharged. Thereupon, on the 1st August 1817 they both executed a bond to the said Row mortgaging the above said properties Nos. 1 to 6 for Star pagodas 4449, Mayilai 26 and Cash 61 or Rs. 15578—3—5 including the amount of the said two razinamas.

7. On account of his embezzlement of the Treasury funds in 1828, Bikkaji Row made over to Government his mortgage rights to the said properties in satisfaction of his dues to Government, and on the 13th September 1828 the Collector sent in an order to Sivagamy Nachiar that the amount of the said mortgage bonds (which had been borrowed from Bikkaji Row on account of Peshcush in 1814) must be paid into the Huzur Treasury and on the 14th Idem another order to her to the effect that she must pay the amount of the razinamas, and of 2 other simple bonds and redeem the mortgaged properties and that if this were not done, the Government would carry to their credit the incomes derived from the mortgaged properties under the terms of the bonds. In reply to these orders of the Collector, Sivagamy Nachiar submitted an arzy to him (Collector) on the 7th September 1829 that the said properties must be delivered up after the full satisfaction of the principal and interest through the incomes of the said properties under the terms of the bonds. Under this authority (given by Sivagamy) the Defendant enjoy the properties in dispute up to date.

8. The Defendant's interest in these properties is only their sub mortgage right obtained from Bikkaji Row as his assignee but not otherwise, and the Defendant in the Board's Proceedings of the 3rd Novr. 1828 have ordered delivery of the properties to the original owner soon after the satisfaction of the mortgage amount and interest.

9. From several letters of correspondence held between the Collector, Board and Government in 1842 when the Government assigned the properties in dispute to Sivagamy for her enjoyment and in 1849 when the Government annexed the properties soon after the death of Sivagamy, it is clear that these properties were the Stridhanam of Sivagamy Nachiar and that they are being enjoyed by Defendant as sub mortgagees or pledgees.

10. The said Raja Rajiswari Nachiar gave the Rani Setupaty Sivagamy Nachiar in marriage to Vijaya Gopala Setupaty according to the custom among the (Marava) caste; but they having no issue, Sivagamy for the express purpose of raising up an heir to her Zemindary and other properties, submitted an arzy to the Principal Collector, Mr. Rose Peter on the 4th December 1816 praying for an order permitting her to have her husband, Vijaya Gopalu to marry her great aunt's daughter's daughter, Purnasundari Nachiar, and in compliance with this arzy the Collector sent an order on the 20th Idem. Accordingly the Plaintiff's mother Purnasundari Nachiar was married to the said Vijaya Gopalu Setupaty as his 2nd wife.

226

11. By this Marriage this Plaintiff was born as sole daughter of Purnasundari Nachiar and Vijaya Gopala Setupaty.

12. In 1821 Sivagamy bequeathed a will entitling the Plaintiff's mother, Plaintiff and Plaintiff's descendants to the properties in dispute and other properties obtained by her (Sivagamy) in female lines through Raja Rajiswari.

13. On the 8th June 1815 Raja Rajiswari died leaving her sole daughter Sivagamy Nachiar and her funeral rites were performed by the Plaintiff's father.

14. The Plaintiff's mother Purnasundari died in 1823.

15. On the 21st November 1836 Vijaya Gopalu died leaving his widow Sivagamy and his sole daughter the Plaintiff, and his funeral ceremonies &c. were performed by this Plaintiff and regarding this, Sivagamy submitted an arzy to the Collector. Mr. Blackburne on the 29th November; and the latter officer has sent an order accepting the same.

16. In 1837 Sivagamy Nachiar gave the Plaintiff in marriage to Sundara Pandia Tevar by whom she begot two sons by name Mutturamalinga Tevar and Muttuvijaya Regunadha Tevar.

17. On the 15th February 1849 Sivagamy died leaving her sole daughter the Plaintiff, and her funeral rites were performed upon the Plaintiff's consent and permission by her (Plaintiff's) elder son Muttuvijaya Regunadha Tevar.

18. The said Muttuvijaya Regunadha Tevar and Muttu Ramalinga Tevar died one after the other.

19. Thereupon, the Plaintiff married Muttuvijaya Regunadha Grahapaty Tevar of Puttur by whom she begot a son named Mutturamalinga Tevar and a daughter named Kolandai Nachiar alias Sivagamy Nachiar.

20. It is embodied in the proceedings of Government dated 15th January 1855 that the Government have accepted the Sridhanam right of Sivagamy to the properties in dispute and keep the properties in trust with them until her representatives establish their right thereto.

21. In the Proceedings of Government dated 3rd July 1862 and 4th February 1863 and in the proceedings of the Board dated 3rd November 1863 it is admitted that the marriage between Sivagamy Nachiar and Vijaya Gopala Setupaty was a valid one and that the Plaintiff is the right representative of Sivagamy; and besides, the validity of this marriage has been recognized from very long time ago by the decision of the Southern Provincial Court in Suit 3 of 1813 and by the decisions of the Appellate Courts of Sudr Adalut and Privy Council. Many other villages in the Ramnad Zemindary have been excluded from the rest at the perpetual Inam settlement upon the same title of Sarva Manibha Inam as the properties in dispute; and the representatives of the Inamdars of these other villages are enjoying them till now.

22. In January 1881 the Pleader of the High Court, Mr. S. Subramania Aiyar sent up on behalf of the Plaintiff a notice to the Collector, Mr. Stokes requiring him to deliver up the properties in dispute to the Plaintiff with the incomes of the past time and informing that

227

should he fail to do so, suit will be instituted in Courts for their recovery and no reply theret has yet been made.

23. The properties in dispute are the Sridhanam and Surva Manibha Inam lands which have been granted and come down to female lines from long before the Istimirari settlement period, and the Government recognized them to be such at the Istimirari settlement; and further these properties are such as had been enjoyed by Sivagamy Nachiar, the last female descendant. It is clear that these properties are to be enjoyed by Plaintiff as the grand daughter of this Nachiar's (Sivagamys' mother Raja Rajeswari and daughter of Sivagamy according to justice and Rules of Government. This suit has been brought to obtain a decree adjudging the Defendant to deliver up to Plaintiff the villages Nos. 1 to 5 and the Bungalow No. 6, to take account of the incomes of the said villages and after deducting the mortgage amount and interest therefrom, to give up the residue to Plaintiff.

The cause of action in this suit arose between 1828 and 1884 during which the Defendant accepted the Sivagamy's mortgage.

REVENUE DEPARTMENT.

Read—the following letter from C. S. BAYLEY, Esq., C.S., Under Secretary to the Government of India, Revenue and Agricultural Department (Agriculture), to the Secretary to the Government of Madras, dated Simla, the 16th June 1885, No. 482—56-10-A :—

In continuation of Mr. Buck's letter No. 322—56-5-A, dated the 28th April last, I am directed to forward a copy of some further papers noted on the margin regarding the preparation of the coca plant leaves for the market.

From Dr. G. Watt, dated 27th March 1885.
From Mr. J. F. Duthie, dated 27th March 1885.

Enclosures.

Letter from Dr. GEORGE WATT, dated 27th March 1885.

In reply to your demi-official letter No. 171—56-2 (Agriculture), I regret that I cannot lay my hands on any work which gives a satisfactory account of the preparation of the coca plant leaves for the market, asked for by the Madras Government. There are many works in which this plant is referred to, but few in which the details of the preparation of the leaves are given. I send you, however, an extract from Spon's Encyclopœdia, which may be of use in case this work is not available for reference. I may mention that the best work dealing with this subject is "Gosse's *Monographie de l'Erythroxylon Coca,*" published in 1861, of which I regret to say I have not a copy.

Spon's Encyclopœdia gives the following information regarding the preparation of coca leaves :—

"When ripe, which is known by their cracking or breaking off when bent, the leaves are sun-dried; this operation requiring special care. The green leaves are spread in thin layers on coarse woollen cloths, stretched upon prepared earthen or cement floors, after the manner of the 'barbecues' used in coffee drying and exposed to the heat of the sun; when perfectly dry, they are pressed into serons, or skin bags. Every precaution must be taken to prevent their imbibing any moisture during exposure, and to ensure their not sweating either then or subsequently. Well-cured leaves are uncurled, of a deep green color on the upper surface, and grey-green beneath, with a strong tea-like odour and pleasant pungent taste, and produce a sense of warmth when chewed; inferior ones are dark colored, with a less agreeable camphoraceous smell, and are almost devoid of the pungent flavor and physiological effect."

Letter from Mr. J. F. DUTHIE, Superintendent, Botanical Gardens, Saharanpur, dated 27th March 1885.

I beg to acknowledge the receipt of your demi-official letter 172—56-2 (Agriculture), dated 16th instant, with enclosure, relating to the preparation of coca leaves for the market.

Judging from our mode of proceeding in the case of the henbane plant, of which we prepare annually for the Indian Medical Department both leaves and extract, I should be inclined to recommend as follows :—

The young leaves should be plucked as soon as they are fully developed, a sufficient number being left so as not to weaken the bushes too much. The leaves should be gathered and handled with great care, for one of the most important constituents of this plant is an aromatic volatile alkaloid. They should then be spread out on mats and exposed to the sun until they are quite dry. Should the weather be unfavorable for drying the leaves by the heat of the sun, some artificial arrangement must be adopted. The dried leaves should be despatched to the market in tin-lined boxes.

I should mention that in Bentley and Trimen's "Medicinal Plants," Vol. I, there is an interesting article on the coca plant together with a colored figure.

READ letter No. 213 dated 10th August ~~from the~~ 1885 from the Deputy Director of Revenue Settlement Party No. III submitting Progress Report for July 1885.

As observed by the Dy. Director in para 4 of the letter read above the average rate of work turned out in the measurement of Interstitial holdings is not satisfactory. The Ag. Director expects much improvement in future.

2. It appears from para 5 that two Head Classifiers and a Classifier were employed on the examination of measurement work. In the statement the

the actual work turned out was shown as 784 subdivisions or 1898 pluses. Dividing this by the actual working days (78) of these 3 men, the rate of work would be 10 sub divisions or 24 pluses. The Ag. Director considers this outturn very low.

3. In the same statement the number of Villages measured and examined was shown as one & six respectively. The Dy. Director is requested to explain how the number of Villages examined could be more than that of those measured.

Proceedings of the Director of Revenue Settlement and Agriculture.

READ letter No. 255 dated 30th September 1885 from the Deputy Director of Revenue Settlement Party No. III forwarding for approval abstract of certain villages of the Palni Taluk.

With the foregoing letter, Colonel Stuart submits for approval financial results of the proposed settlement for 25 villages in the Palni Taluk.

2. It appears from the above that in the proposed assessment, there is a diminution of 10 per cent in Dry and an increase of 3·0 per cent in Wet whilst the area, according to Survey, shows an increase of 5 per cent in both dry and wet. The average rate,

according

ccording to the present revenue assessment, is Rs 1-2-3, for dry and Rs 5-2 for wet whilst that of what proposed is Rs. — 15 — 7 and 4-1-10, respectively per acre.

The acting Director considers that the results are fair and accepts them accordingly. He however points ut that variations in all villages ften do not approach uniformity. n wet, the increase in villages No 17, 20 nd 56 appears to be very high. Colonel tuart is requested to be good enough o scrutinize each case at the time f settlement and to adjust differences or grant relief where necessary.

The acting Director would point out that mere submission of Villagewar abstracts is not sufficient for review of proposed assessments. In future these should be accompanied by an abstract

213

abstract statement shewing the
area and assessment according
to the revenue and settlement rat[es]
their increases, or decreases, with
percentages and the average rat[es]
for dry and wet separately and
a brief explanatory report.

5 The modification of group[s]
of Irrigation sources referred to
in the letter above read is approv[ed].

6. The acting Director lastly
observes that in the classificati[on]
of the Madura District, Irrigati[on]
sources were not classed separate[ly]
on their merits, but that only on[e]
group was assigned for all the
sources in a village, in referen[ce]
to its principal source, the
necessary adjustments being
made in sorts. This method will
entail a serious difference when
the groups of the villages irrigable
by

by the Brijar Project have to be
raised after its completion. The
Deputy Director is therefore requested
to assign the proper class to each
source according to its capabilities.

READ letter No. 283 dated 24 October 1885 from the Deputy Director of Revenue Settlement Party No. III submitting for approval financial results of 25 villages in the Palni Taluk.

The proposals submitted with the letter read above show a decrease of Rs 5624 or 11 per cent in dry and an increase of Rs 734 or 14 per cent in wet whilst the area was increased in Survey by 7 per cent in each.

2. The Acting Director observes that the proposals on the whole are fair but the large variations in certain villages need to be explained. The decrease in dry in villages No. 67, 30, 32, 2, 28, 38, 57 and 14, appears very great. The Deputy

and to enter in future in the remark

READ ~~letter~~ Travelling allowance bill for October 1885 No. 276, dated 4th November 1885 from the Deputy Director of Party No. III.

The Ag Director observes from the above and the preceding month's bill, that Col. Stuart halted at Palni on 3 occasions between 24th September and 31st October, ~~and~~ each halt extending to 10 days: No march in October exceeded 6 miles. In fact there was no "travelling" in October and yet travelling allowance was drawn for the entire month. It has been very clearly laid down (the Sec 6 of the Travelling allowance Co[de]) that th[e allow]ance is intende[d]

The remarks made in this Office Proceedings No 3248 dated 12th ultimo apply for this month also. Col Stuart seems to have halted twice at Palani for a period of 10 days at a time: The three marches made up to 29th November were within 4 miles of Palani. The Ag Director is sorry to see that Col Stuart has not accepted the warning that was given in the Pro quoted above.

Proceedings of the Director of Revenue Settlement and Agriculture.

READ letter No 318 dated 30th Nov from the Dy. Director of Revenue Settlement Party No III forwarding for approval financial results of 9 villages of the Pala Taluk.

Approved.

2. The Acting Director does not wish to disturb the result of the work, which no doubt has been executed with all care and regard primarily (as is quite right) to correct classification.

3. The blocks are, however, inconveniently numerous. And the Acting Director hopes that it will be found practicable to reduce the number of blocks in villages

hereafter

hereafter to be disposed of: without sacrificing accuracy of classification.

4. The results of the 59 villages of this taluk, the abstracts of which were received in this Office, show an increase in area of 6,127 acres or 6 per cent and a decrease in assessment of Rs 11,549 or 10 per cent under dry when compared with the present Revenue area and assessment. The Acting Director trusts that the Deputy Director will give his full attention, at the time of settlement, to make good as far as circumstances allow, the marked decrease in assessment pointed above.
